

So much going on...

Our regular 3 monthly newsletters have hopefully been helping to keep you informed about changes to salon protocol, special offers and up - coming events alongside our regular Facebook posts. However, as Facebook viewers will have seen, there have been some new goings on, which I thought I would pop into an interim newsletter to keep you all up to date.

Everyone is aware of the new Data Protection changes and we are no exception. Our software system has been upgraded to comply with the new requirements, so please let us know if you want to make any alterations to your existing account information.

Personal Data Law GDPR

Dermalogica Expert Training Power Peel

Sneak peak that on both August 13th and 23rd we will be training for the power peel.

Introducing the new professional peel treatment from Dermalogica. Dermalogica believes that a professional peel should Preserve skin health, first and foremost Provide regular resurfacing to accelerate cell turnover rate.

We also believe that more frequent and less invasive peels are better than less frequent and invasive peels. **ProPower Peel** is a faster and stronger peel that offers you a range of products with the flexibility to customise a peel that is best suited for your specific needs.

Just Grass Angus

For years we have been asked if we sold our own beef. Well, as of June 1st, we will! The website(www.justgrassangus.co.uk) and fb pages will be going live this evening so check in there for more details. Please, if you are interested, message us here or on info@justgrassangus.co.uk. We are doing a special introductory offer of a 5kg premium taster pack including 2 joints, sirloin steak, rump steak, fillet steak, ribeye steak, braising steak, stewing steak and best lean steak mince, all for £75. Obviously,we have a limited amount available so please contact us to reserve yours, to avoid disappointment. Our Angus beef is 100% organic,100% free range grass-fed and 100% traceable.

When compared with other types of beef, grass-fed beef may have:

- Less total fat.
- More heart-healthy omega-3 fatty acids.
- More conjugated linoleic acid, a type of fat that's thought to reduce heart disease and cancer risks.
- More antioxidant vitamins, such as vitamin E.
