

Changes to January Opening

Sorry for any inconvenience but our neice is getting married in Canada in January and then we are at a blessing in England.

We are therefore Closed from the 16th to the 23rd. Open on Wednesday the 24th and then Closed until the 31st.

All hours will be on the website and we will be doing extra days the beginning of January.

As a follow on to this.

If you are wanting to just call in, because reception is not permanently manned, please could you book a "popping in appointment", as we would hate for you to call and no one be available to see you. This enables us to be flexible and you not to be disappointed.

Our opening hours on the website refer to the times that clients can go online and book appointments. They do not refer to reception opening hours. Therefore, if we dont have appointments booked,we may not be available in salon. We are an "Open by appointment only" business and appointments can be booked on line, via our app, by email or you can leave a message on the phone and we will ring you back as soon as we possibly can.

Thank you for understanding.

Training

January 8th and February 9th we are at York once again for more product launches and dermalogica training and no doubt more once the new class curriculum arrives in the New year.

We love the fact we have maintained our derm circle status and the "New" expert certificate for our continued "unwavering commitment to our ongoing learning in 2017. By choosing to stay up to date with the latest information and innovations".

We feel that this is a key part to our business and we hope that the new "pro" treatments starting in January will echo this.

Refurbishment

We may have been closed for just a few days for christmas but as you know we are not ones to stand still so the guys have been in and gone is the microzone on the wall and say hi to skin solver.

And not forgetting the "Ladies". As well as some new external signage around the place.

Broom Mill Skin Bar App

We are pleased to announce the launch of our new "BroomMillMediSpa" facebook page in January for all your clinical treatments. Here you will find more information, videos, before and afters and regular posts regarding anything from mesotherapy, nappage, IPL, needling, genie tech to dermaplaning...

Age Defying Treatments

The latest and most powerful ingredients, combined exclusively for you

FUSION
MESO THERAPY

Nappage

Looking for something a bit more advanced.

This treatment consists of a series of micro-injections to transport the Mesotherapy products to the middle of the dermal layer where cellular interactions take place. Vitamins, minerals and hyaluronic acid successfully aid the treatment of cosmetic skin conditions, including skin rejuvenation and localised fat reduction. Areas such as frown lines, dark circles, tired eyes, nasolabial folds, cheek contour lift, cellulite and hair loss are all areas that can be successfully treated with this method of Mesotherapy.

"NEW"

We are launching in January the red carpet facial for that instant radiance and getting the skin into peak condition using vitamins and hyaluronic. This facial would normally cost £120 but for January, February and March we are doing it at a launch price of £80.
