We are pleased to announce we have regained the new expert logo and derm circle status for 2018.

Training is key as products and technology change on a daily basis. It is important to check that your therapist is up to date with everything current. We therefore have training booked in January, February and March so please note some of these dates may be days that we would normally be doing treatments.

Family Update

Thank you all for your concern and wishes.

Dawn has had her parathyroid removed is now sporting a nice little neckline scar. She now feels like she has magic running through her fingers and is back in work doing as firm a massage as ever. Although unfortunately the doctor was right it has not improved her sight or hearing...that's her age.

It seems strange in here not having Victoria and her swimming sessions (although we are not missing the wet bums we used to get when she had been sitting on our computer chairs), but she has settled in at Plymouth University very nicely..and is a handy babysitter for her brother Daniel's 2 year old William and their new addition a baby girl Eleanor.
